EXPERIENCE

Codescure Technology | Frontend Developer

Indore, India | Oct 2024 - Present

- Developed responsive, enterprise-grade web applications using Next.js, React, and TypeScript, improving performance and scalability.
- Built modern UIs with Tailwind CSS, Radix UI, and Shadcn/ui, including dashboards, chat interfaces, and multi-step forms.
- Integrated REST APIs and third-party services (Stripe, Auth0/Clerk, Twilio, Google/Microsoft APIs) with secure authentication and error handling.
- Implemented real-time features such as chat systems, video sessions, and live desktop monitoring using WebSockets and state management libraries (Redux Toolkit, RTK Query, Zustand).
- Enhanced user experience with multi-language support (i18next), dark/light themes, advanced file viewers, and role-based dashboards.
- Collaborated in an Agile team to deliver scalable features faster, ensuring quality with testing, performance optimization, and CI/CD workflows.

Codescure Technology | Frontend Intern

Indore, India | July 2024 - Sep 2024

- Assisted in developing responsive web applications using React.js and Next.js, ensuring cross-browser compatibility and optimal performance.
- Collaborated with senior developers to implement user-friendly interfaces, following industry best practices for clean and maintainable code.
- Conducted testing and debugging to resolve issues and improve overall user experience.
